Section I Substantive Descriptors

Section II Organizational Descriptors

Section III Geographic Descriptors

Section IV KWOC List

blank page

# Introduction

The National Criminal Justice Thesaurus contains listings of descriptors or terms used to index the literature in the National Criminal Justice Reference Service (NCJRS) document data base and to retrieve information about the literature for users of the service. Term selection is based on the vocabulary used in documents entering the NCJRS system, on the frequency of term usage in the literature, and on the language of the user community. The 5-digit code assigned to each term is for NCJRS internal use.

## SUBSTANTIVE DESCRIPTORS AND RELATED ENTRIES

Two types of terms are listed: descriptors and synonyms or near synonyms. Descriptors are authoritative terms that are acceptable for indexing and searching. A USE entry follows synonyms or near synonyms of descriptors. This entry directs the user to the preferred valid descriptor for communicating with the system. Synonym entries appear solely to provide as many points of entry to the Thesaurus as possible. The importance of the USE entry extends beyond synonymy. The entry can represent the relationship to a descriptor of a near synonym with general conceptual similarity. A USE entry provides a valid descriptor term synonymous with or approximating the concept of the term referenced. For example:

```
       Remote terminals
01027   USE Terminals (computer)
```

The USED FOR (UF) entry is the reverse of the USE entry. The entry shows the user that the descriptor includes the concept represented by the UF entry. For example:

```
01027  Terminals (computer)
        UF Remote terminals
```

A NARROWER TERM (NT) entry denotes a hierarchical relationship between the main descriptor and a descriptor that belongs in the same class but is on a lower level; that is, the narrower term is more specific. For example:

```
01777  Hallucinogens
00616    NT LSD (acid)
05131    NT PCP (phencyclidine hydrochloride)
01450    NT Peyote
```

A BROADER TERM (BT) entry is also a hierarchical notation and is the reciprocal of the NT notations. A BT entry indicates that the descriptor is in the same class but that it is on a higher level in the hierarchy. For example:

```
01450  Peyote
04632    BT Controlled drugs
01777    BT Hallucinogens
```

The RELATED TERM (RT) entries perform two functions, only one of which is concerned with the scope of the main entry. A term listed as RT may clarify scope, that is, provide further definition of the main descriptor entry. The alternate function is to alert the user to other terms and thus provide additional points of reference. For example, to illustrate the two-sided RT relationship:

| | | |
|---|---|---|
| 04183 | Arrest and apprehension | |
| 04985 | RT | Arrest warrants |
| 02462 | RT | Citizens arrests |
| 05069 | RT | Crimes in progress |
| 04816 | RT | Lawful use of force |
| 00624 | RT | Manhunt |
| 05208 | RT | Miranda rights |
| 05136 | RT | Police pursuit driving |
| 03215 | RT | Postarrest procedures |

| | | |
|---|---|---|
| 05208 | Miranda rights | |
| | SN | (Predetention rights of the accused as required by the US Supreme Court ruling) |
| 04197 | BT | Constitutional rights and civil libs |
| 04183 | RT | Arrest and apprehension |
| 02879 | RT | Rights of the accused |

Every hierarchical and collateral entry has a complementary entry elsewhere in the Thesaurus.

A SCOPE NOTE (SN) explains the specific use of a term in the NCJRS system. It may be a true definition, may place a positive or negative limitation on usage, or may combine definition and positive limitation. A very broad term may have this instruction: Use of a more specific term is recommended; consult the terms listed below.

The order in which notations appear under a descriptor, when appropriate, follows:

| | |
|---|---|
| SN | SCOPE NOTE |
| UF | USED FOR |
| BT | BROADER TERM |
| NT | NARROWER TERM |
| RT | RELATED TERM |

## ORGANIZATIONAL DESCRIPTORS

These descriptors, in their respective sections, are treated in the same manner as the substantive terms, that is, structured using the UF, NT, BT, and RT notations as required. A relatively obscure organization--international, American, or newly organized--is given a scope note. For organizational terms, acronyms and mnemonics are UF entries, and broader and narrower terms are indicated as necessary.

## GEOGRAPHIC DESCRIPTORS

Geographic terms use the NT-BT notations for countries and continents or similar geographic areas (e.g., Far East) and for states and regions.

For example:

| | |
|---|---|
| 90610 | Southern States |
| 90609 | BT North America |
| 90990 | BT United States of America |
| 81000 | NT Alabama |
| 85000 | NT Arkansas |
| 22000 | NT Louisiana |
| 28000 | NT Mississippi |
| 21000 | RT Kentucky |
| 47000 | RT Tennessee |

Scope notes and USED FOR entries are sometimes used to simplify usage for overlapping jurisdictions. For the United States, the names of regions (e.g., Middle Atlantic States), states, counties, and cities are included. For other countries, only regions or geographic areas (e.g., Far East, Western Europe) are included.

## THE KWOC LIST

Following the Thesaurus proper is the "Key-Word-Out-of-Context" (KWOC) List. Each significant word in each Thesaurus term is extracted, listed alphabetically, and followed by a listing of all the terms containing that word. Nonpreferred terms are preceded by the symbol @. Hence, all Thesaurus terms containing a particular key word are grouped together and can be easily scanned. The following is a partial KWOC listing from the key word "Fraud."

| | FRAUD |
|---|---|
| 048090 | Bankruptcy fraud |
| 000885 | Check fraud |
| 051557 | Commodities fraud |
| 048124 | Consumer fraud |
| 040865 | Credit card fraud |
| 051078 | Credit fraud |
| | @Deceitful practices (fraud) |
| | @False pretenses (fraud) |
| 017681 | Fraud |
| | @Impersonation (fraud) |
| | @Insufficient funds check |
| 046490 | Insurance fraud |
| 051086 | Investment fraud |

Several limitations of the KWOC List should be kept in mind:

(1) The extracted word, which is in upper case, may or may not be a Thesaurus term.

(2) Both preferred and nonpreferred terms are included in the KWOC List. A quick check under the unacceptable term in the Thesaurus listing will lead the user to the appropriate synonym.

(3) The KWOC List does not substitute for BT/NT cross-references. The extracted words may or may not be related hierarchically; and other terms which are so related may not contain the key word under consideration.

(4) Not all words are extracted; e.g., common connectives, such as "of" do not appear in the KWOC.
